In-House

We come to you with a creative half day program designed to build connection, creative thinking, and bring playfulness, relaxation and self-care to your workplace team. Think flag making, mosaics, focused art expression, team cooking, sending future-self postcards and more.

We can bring in a star teacher for a focused topic workshop too such as mindfulness movement, illustration, drumming.

Whole Day Retreat

We take your team to a stunning, beautiful place in the forest, no more than 1 hour 15 from Sydney for a day retreat of facilitated creative workshops and experiences. Includes delicious food and refreshments. Bush foods, botanical art, map-making, screen printing, eco-dyeing and more.

Bring your team out of the office and rewild!

Trivia with Purpose

APOCALYPSO is a team based event designed to inspire thinking about the world's limited resources, our future and what part we want to play – as individuals, businesses and as a society.

Part trivia, part survivor challenge, part craft and DIY activity, APOCALYPSO is guaranteed teambuilding, and to top it all off? Comes with a Calypso inspired fruity tropical dress theme.
